SEAWEED EYE CONTOUR SERUM

SEAWEED EYE CONTOUR SERUM

Set of 3 Eye Contour Serums with THALADO Seaweed - 3 * 30 ml

Size: Tube 30 ml

Properties:

This serum is specially formulated to preserve youth and erase puffiness and dark circles around the eyes. Combining marine and plant ingredients that activate micro-circulation, this treatment drains and decongests the eye area while respecting its delicacy. The light-reflecting pigments help smooth and reduce wrinkles by optical effect. Without color or fragrance, this serum is suitable for all skin types, even the most sensitive. Puffiness and dark circles fade leaving eyes looking more relaxed.

How to use:

In morning and/or evening, apply a small quantity around the contour of the eye that was perfectly cleansed. To ensure penetration gently pat around the eye from the outer corner to the inner corner.
