

Conventional Agar Agar - 25 kg bag

Conventional Agar Agar - 25 kg bag

Reference:AA25CKG

Loyalty points offered:725

Description:

The Agar Agar by its neutral taste is known to be used as a gelling agent and plant stabilizer. It thus replaces animal gelatin in culinary preparations (jelly, jam, flan, sorbets ...).

It can also be used as dental impressions, culture media in microbiology etc...

Wholesale rate Conventional Agar Agar in bulk in 25 kg bag
