Guérande salt scrub

This scrub has a gel texture obtained thanks to a marine active ingredient : **thalisource**. This innovative active ingredient, rich in marine oligosaccharides and polysaccharides, **improves the hydration** of the upper layers of the epidermis and limits its water loss.

Initially used as a scrub, this Guérande salt treatment is gradually transformed into a gentle massage.

Tips for use : Apply the product to the skin using light circular movements, paying particular attention to rough areas (elbows, knees, feet, etc.). Rinse thoroughly with lukewarm water. Then apply a moisturiser such as Organic Moisturising Body Milk or Organic Nourishing Oil.

INGREDIENTS : MARIS SAL, GLYCERINE, CRITHMUM MARITIMUM EXTRACT, AQUA, CHONDRUS CRISPUS EXTRACT, LAMINARIA DIGITATA EXTRACT, ULVA LACTUCA EXTRACT, SODIUM CARRAGEENAN, SODIUM BENZOATE, XANTHAN GUM, PERFUME, CITRIC ACID, GUAR GUM, CI 77289, LINALOOL*. 309-K0105
