organic black tea with bergamot and seaweed

Organic Black Tea with Algae and Bergamot

loose tea 40gr

It is a fine blend of organic teas from Darjeeling, Ceylon, seaweed, and natural bergamot flavor. The balance is perfect between bergamot, tea and seaweed, and is ideal in the morning. It is also pleasant in the afternoon, after a shorter infusion time.

Ingredients: organic black tea, natural bergamot flavor, seaweed,

Preparation tips :

Everyone has their own habits for preparing tea, but here are some generalities that may be helpful:

In general, 2 grams per cup is about one teaspoon.

We let the tea brew between 2' and 2'30", but some people prefer a longer infusion to have a stronger tea.
