Shark Cartilage - 120 capsules

Shark cartilage is a source of **calcium, phosphorus, amino acids and collagen** that contribute to the maintenance of a normal bone structure and dentition. In addition, this supplement has an **anti-inflammatory property** that relieves arthritis and arthrosis. A cure of shark cartilage thus makes it possible **to regenerate the cartilage and to improve mobility**. Tips for use : Take 4 capsules per day **This food supplement is not a medicine and must be used within the framework of a varied diet. Do not exceed the indicated daily dose. Keep out of reach of young children. Not recommended for children, pregnant or breastfeeding women.** **INGREDIENTS** : Shark cartilage : 320 mg. Excipients. Coating : marine gelatin. Box of 120 capsules containing 330 mg Net weight : 48,55 g
